

The 80th Anniversary Fund

Enhancing Member Connectivity

ITE would like to express its appreciation to contributors to the 80th Anniversary and Millennium Funds. Their generous contributions allowed ITE to continue expanding programs and services and enhance member connectivity while providing a suitable office and meeting space for our headquarters operations. The gifts have allowed ITE to conduct several interviews with well-known industry experts, conduct an LED meeting in the new Bureau of Highway Traffic Alumni Association conference room and help fund the web studio, ITE's hub for the professional development program.

Additional contributions will help ITE expand its broadcast of web interviews, interactive meetings, and seek input on international and national dialogue on issues facing our profession during these challenging financial times, when face-to-face meetings are not feasible. In addition, we hope to add enhanced lighting, soundproofing, and other system upgrades within the web studio.
