## 2009 Transportation Achievement Award

**Deadline: April 1, 2009**

The Transportation Achievement Award is awarded annually for excellence in the advancement of transportation to meet human needs by entities concerned with transportation such as governmental agencies, legislative bodies, consulting firms, industry and other private sector organizations. The Transportation Consultants Council has endowed this award.

### **AWARD:**

- Recognition at the ITE Annual Meeting and in ITE Journal
- Plaque

### **AWARD CATEGORIES:**

- Awards will be presented to outstanding transportation achievements in the following categories: Facilities, Operations, and Safety.
- All applicants are limited to submitting under one category only; applications may not be submitted under multiple categories.**

### **ELIGIBILITY OF APPLICANTS:**

- To be an eligible recipient for the proposed awards, the candidates can be: a government agency, transportation consulting firm, private business or corporation, combined public/private institution, academic institution or any other appropriate entity.

### **SUBMITTAL:**

- Each submittal may be no longer than 3 total pages in length (the submittal form, plus two additional pages).**
- Each application must be submitted electronically in one document with the submittal form as page one, formatted in Adobe Acrobat.
- Please send submission electronically (in Adobe Acrobat) **no later than 5:00pm on April 1, 2009** to Affi Ghafouri at [aghafouri@ite.org](mailto:aghafouri@ite.org) attn: Transportation Achievement Award.

### **EVALUATION CRITERIA:**

- Development of an innovative concept in transportation planning, design or operations;
- The innovative application of a proven concept in transportation planning, design or operations;
- The implementation of a “difficult” transportation program through perseverance in its development and promotion;
- A program or project having a significant effect on transportation;
- A multi-faceted transportation program or project, combining many innovative and/or well-applied concepts;
- A program or project promoting a major advance in the efficiency and/or economy of transportation.
