ILLINOIS TOLLWAY RECEIVES TRANSPORTATION ACHIEVEMENT AWARD FROM THE INSTITUTE OF TRANSPORTATION ENGINEERS

AUGUST 5, 2007, WASHINGTON, DC—The Illinois Tollway received the Transportation Achievement Award for Facilities at the Institute of Transportation Engineers (ITE) 2007 Annual Meeting and Exhibit, being held August 5-8, 2007 in Pittsburgh, PA, USA.

The Illinois Tollway received the award in recognition of the South Tri-State Tollway Reconstruction Project. Part of the Congestion-Relief Program—the widening and reconstructing of approximately 3.6 miles of the South Tri-State Tollway from IL-394 to the Markham Railroad Yard was one of the largest design efforts for reconstruction ever undertaken by the Illinois Tollway.

The Transportation Achievement Award for Facilities recognizes significant and outstanding transportation achievements by entities concerned with transportation, such as government agencies, legislative bodies, consulting firms, industry and other private-sector organizations.

For a complete listing of all of ITE's 2007 award winners, visit the ITE Web site at www.ite.org.

The Institute of Transportation Engineers is an international educational and scientific association of transportation professionals who are responsible for meeting mobility and safety needs. Through its products and services, ITE promotes professional development of its members, supports and encourages education, stimulates research, develops public awareness programs and serves as a conduit for the exchange of professional education.

Founded in 1930, ITE serves as your source for expertise, knowledge and ideas through meetings, seminars and publications, and through its network of more than 17,000 members working in more than 92 countries.
