AMERICAN TRANSPORTATION RESEARCH INSTITUTE AND FEDERAL HIGHWAY ADMINISTRATION RECEIVE THE MANAGEMENT AND OPERATIONS/ITS COUNCIL AGENCY AWARD FROM THE INSTITUTE OF TRANSPORTATION ENGINEERS

AUGUST 20, 2008, WASHINGTON, DC—The American Transportation Research Institute (ATRI) and the Federal Highway Administration (FHWA) received the Management and Operations/Intelligent Transportation Systems (M&O/ITS) Council Agency Award at the Institute of Transportation Engineers (ITE) 2008 Annual Meeting and Exhibit, being held August 17–20, 2008 in Anaheim, CA, USA.

ATRI and FHWA received the award for their contributions toward the National Freight Performance Measures Initiative in recognition of its innovative technique to collect, tabulate and analyze a large database of wireless (satellite, terrestrial) truck position data with the purpose of developing and distributing near real-time systems performance measures for the National Highway System.

The M&O/ITS Council Achievement Awards recognize individuals and public/private partners for outstanding contributions to the advancement and implementation of ITS technologies. Awards are presented for the development and/or implementation of notable projects that demonstrate the use of ITS technologies to improve the efficiency and/or safety of transportation facilities.

For a complete listing of all of ITE's 2008 award winners, visit the ITE Web site at www.ite.org.

The Institute of Transportation Engineers is an international educational and scientific association of transportation professionals who are responsible for meeting mobility and safety needs. Through its products and services, ITE promotes professional development of its members, supports and encourages education, stimulates research, develops public awareness programs and serves as a conduit for the exchange of professional education.

Founded in 1930, ITE serves as your source for expertise, knowledge and ideas through meetings, seminars and publications, and through its network of more than 17,000 members working in more than 92 countries.
