JOB TITLE: TRAFFIC AND TRANSPORTATION ENGINEERING

LOCATION: HOUSTON, TEXAS

Company Name: Terra Associates, Inc.

Looking for an opportunity with a small established firm, with plenty of room to grow professionally? Terra Associates, Inc. (TAI) is looking for a highly motivated Traffic & Transportation engineer to support our Houston office. Critical to your success at Terra are the following:

- Deep mastery in Civil Engineering Traffic and Transportation disciplines.
- Able to handle multiple projects at the same time.
- Excellent written and oral communication skills in English.
- Able to work effectively with people in all levels of the company.
- A strong knowledge of the local governmental agencies and their requirements.
- A motivated, self starter who is anxious to learn and contribute immediately.
- 5+ years of experience a plus.

Responsibilities include (but are not limited to):

- Responsible for performing traffic impact studies and analysis, traffic signal and minor roadway/intersection geometry design, capacity and accident analysis, traffic control device design applications, work zone traffic control design
- Project management and control of budget for each project.
- Provide detailed cost estimates and contract documents.
- Ensure that the best value is achieved on every project by ensuring that staff works efficiently.
- Must know HCS 2010 and Synchro, as well as thorough understanding of the MUTCD
- PTOE & TxDOT Precertification a plus.
- Working relationship with Houston area agencies such as City of Houston, TxDOT, METRO, HGAC, Harris and the surrounding counties highly desirable.

Terra typically seeks to hire individuals that are a good fit with the rest of the firm, i.e. strong work ethic, integrity, and respected in the engineering community.

A BS or MS in Civil Engineering is a must and at least 2 years of work experience in traffic engineering. Candidate must have willingness to travel locally (+/- 20% of the time).

Please send a resume with contact information to: info@terraassoc.com

Terra Associates is an Equal Opportunity Employer. No immigration sponsorship is available for this position. Terra Associates does not sponsor candidates for permanent residency. Terra Associates participates in e-verify as required by law.
