

# ITE Coordinating Council 2011 Action Plan

The Coordinating Council provides leadership and coordination of activities across the Councils.

## **Mission**

The mission of the ITE Councils is to enhance professional collaboration and advance the technical body of knowledge through communities of common interests.

## **Goals and Objectives**

- Provide communities of common interest and disciplines within the larger ITE community of transportation professionals.
  - Enhance collaboration and communication
  - Support innovation and promote creative responses to timely issues
  - Link professionals and practitioners to advance the profession
  - Build connections to other organizations serving the transportation profession
- Serve as a link between these communities of common interest and other elements of the Institute, including the ITE international leadership, Districts/Sections, student chapters, and individual ITE members.
  - Develop communication tools for information sharing
  - Expand the use of the web to engage younger members
- Be the focal point of communities of common interest for activities, creation of new products and professional development.
  - Develop, collect and distribute technical documents and resources
  - Provide a variety of technical activities and projects to engage a broad range of participation

## **Action Items**

- Continue to align current council projects with the Strategic Plan and identify new technical resource needs and products to support the Strategic Plan
- Continue to identify technical activities that could be coordinated across the Districts, Sections and Chapters to enhance coordination
- Identify and expand opportunities to engage a broader cross section of the ITE membership in Council activities
- Develop enhanced formats for council executive meetings and council activities
- Continue to expand tools and services for ITE and council members
