

# Expert Witness Information Notebook

The Institute of Transportation Engineers (ITE) is an international educational and scientific association of transportation professionals who are responsible for meeting mobility and safety needs. ITE facilitates the application of technology and scientific principles to research, planning, functional design, implementation, operation, policy development and management for any mode of transportation. Through its products and services, ITE promotes professional development of its members, supports and encourages education, stimulates research, develops public awareness programs and serves as a conduit for the exchange of professional information.

Founded in 1930, ITE serves as a gateway to knowledge and advancement through meetings, seminars and publications and through its network of nearly 17,000 members working in more than 92 countries.

- Hand Reference Notebook..... 183
- File and Letter Database ..... 185
- Trial Notebook Outline ..... 188
- Case Database ..... 189

## Section 5: Bibliography of References by Subject

- Bibliography of References by Subject ..... 191

# PREFACE

The *Expert Witness Information Notebook* is provided by the Expert Witness Council of the Institute of Transportation Engineers (ITE). The Expert Witness Council, as a functional sub-unit of ITE furthers the objectives of ITE, fosters association of ITE members, encourages technical activities related to expert testimony and cooperates with other professional and scientific groups with related interests. The *Expert Witness Information Notebook* has been developed to provide guidelines, suggestions, ideas and information to members of the ITE Expert Witness Council for use in their activities as experts in the transportation profession.

The information prepared by the individual authors represents only the opinions and thoughts of that author. Any questions on the written material should be directed to that person. ITE and the Expert Witness Council neither endorse nor subscribe to the positions and opinions expressed in this material. Additionally, this material does not represent standards, recommended practices, or procedures of ITE or the Expert Witness Council. It is intended that this material be used by individual Expert Witness Council members as they feel is appropriate.

It should be recognized that the *Expert Witness Information Notebook* is an ongoing project with new material to be added when it has been prepared. A number of ideas have been provided for subject matter, and the Expert Witness Council is searching for authors to prepare the material. If you have an interest in developing material for this publication, you are invited to contact the chair of the Expert Witness Council.

## NOTEBOOK TASK FORCE

The following members of the Expert Witness Council have served on the task force to develop, write and review the material contained in this publication.

- Robert W. Crommelin, P.E., PTOE
- Dr. Olin K. Dart, P.E.
- Dr. Ronald W. Eck, P.E.\*
- Robert G. Eisenbeisz, P.E.
- Ronald J. Hensen, P.E., Chair\*
- Arthur T. Horkay, P.E.
- James C. Jeffery, P.E., PTOE
- Lawrence M. Levine, P.E.\*
- Richard F. Ryan, P.E.\*
- Craig S. Neustaedter, P.E., AICP
- Sheldon I. Pivnik, P.E.
- James L. Pline, P.E., PTOE, AICP\*
- David C. Royer, P.E.
- Paul L. Streb, P.E.
- C. Derek Wild, P. Eng.
- Richard A. Ryabik, P.E., PTOE\*
- Paul Box, P.E.\*
- Richard A. McGuinness, P.E., PTOE\*

\* These Expert Witness Council members assisted in the 2008 revised edition of this publication.
