

3rd National Conference on Transportation Operations for Planned and Unplanned Events March 25-27, 2009

You are invited to submit an abstract for presentation at the 3rd National Conference on Transportation Operations for Planned and Unplanned Events, Phoenix Convention Center, Phoenix, AZ, USA. The purpose of the conference is to provide public agencies and planned special event stakeholders with information on how best to manage transportation for both planned and unplanned events. This conference will immediately follow the ITE 2009 Technical Conference and Exhibit, *Transportation Operations in Action*.

Session formats may include:

Panel Session—features three to four presenters each delivering a podium presentation followed by an opportunity for questions.

Technology Exchange Poster Session—features visual displays or an exhibit on either a planned or unplanned event allowing for one-on-one peer exchange and discussions.

Case Study Session—features presentations on specific activities related to a planned event or preparation for an unplanned event.

CALL FOR PRESENTATIONS Deadline September 15, 2008

Recommended Topics:

- Contingency planning (weather, security, crowds)
- Feasibility studies (travel forecast, traffic/parking study)
- Traffic/transportation management plans
- Site access, parking and pedestrian access
- Innovative, successful operations strategies
- Freeway/street/intersection traffic control
- Transit service
- Transportation and Incident Command System/NIMS
- Traffic management teams
- Traffic and conditions monitoring
- Surveys, debriefings and reports
- Regional programs and initiatives
- Travel demand management
- Traveler information dissemination
- ITS applications
- Interagency communications
- After Action Reports and how they've been used
- Communications and public outreach

Presentation Abstract Submittal Requirements:

Presentation title
Author name and mailing address
Phone and fax numbers
E-mail address
Brief narrative description of the objectives, scope, results and conclusions of the work to be reported (not to exceed one (1) typewritten page prepared in English)

Papers will not be required. Presentation abstracts are being sought for the panel, technology exchange and case study sessions, and the committee will consider the presenter's personal format preference if indicated.

Deadline:

September 15, 2008
