Burton W. Marsh Award for Distinguished Service to the Institute of Transportation Engineers

John J. Kennedy, Senior Principal, VHB, Watertown, Massachusetts, USA

The Burton W. Marsh Distinguished Service Award recognizes an individual who has contributed to the advancement of the Institute of Transportation Engineers over a period of years in an outstanding fashion. Throughout his professional career, John has been influential to how traffic operations function today, and his forward-thinking vision shows us what those traffic operations could like tomorrow. He has focused his entire career on traffic operations on large-scale, high-profile projects including the award-winning Central Artery/Tunnel project in Boston. John is being recognized for his significant contributions to ITE over an extended period of time. He has served at all levels of leadership at the Chapter, New England Section, and the Northeastern District levels as well as on the International Board of Direction—most recently as International President in 2015.

Theodore M. Matson Memorial Award

Patricia B. Noyes, Principal, Pat Noyes & Associates, Boulder, Colorado, USA

During her career, Pat has distinguished herself in the areas comprising this award: contributions to the practical application of traffic engineering techniques and principles, contributions through research and adaptation of research to practice, and the advancement of the profession through training. Pat accomplished this through her work in Traffic Incident Management, traffic management (calming), effective public involvement, and authoring articles, guidelines, and a chapter in the Traffic Engineering Handbook.

Pat was an early innovator and implementer of traffic management early in her career with the city of Boulder, CO. Her work has been duplicated in numerous cities nationwide. She has also designed and facilitated public involvement/decision-making processes which she has taught numerous times in courses and workshops.

Pat has served selflessly in several professional organizations including ITE as an elected officer at many levels including International Director. She was Chair of the ITE Coordinating Council and Vice Chair of the M&O/ITS Council.
