ITE Virtual Spring Conference 2026 | March 17-18

ite

A Community of Transportation Professionals

SPONSORS

ITE extends its sincere appreciation to our sponsors, whose generous support helps make this event possible.

The program for this conference was developed by members of the ITE Council Leadership Team; the ITE Complete Streets, Planning, Safety, TSMO, and Traffic Engineering Councils; the Transit, Data and Analytics, and Younger Member Committees; as well as the Resilience, Road Safety Audit, and AI Great Idea Groups.

ITE Virtual Spring Conference 2026

March 17-18

NAVIGATING THE EVENT

Two Ways to Get Where You Want to Go

We're excited to have you join us for two days of engaging discussions, expert insights, and networking opportunities focused on transportation safety and innovation. This guide provides essential details to help you navigate the event seamlessly.

How to Access the Conference

1. Through the ITE Learning Hub: Access here
2. Click on Go To Conference

If you have trouble logging in, contact *membership@ite.org.*

Tech Tips for the Best Experience

- Use a strong internet connection and a laptop for the best experience.
- Log in a few minutes early to check your audio/video.
- Mute yourself when not speaking to minimize disruptions.

For tech assistance, email *sbyrd@ite.org*.

Earning PDH and CM Credits

- Attend the full session (live or recorded).
- Complete the evaluation.
- Once the evaluation has been processed, your certificate will be available in your ITE Learning Hub account.

For questions, contact *kfigueira@ite.org*.

Conference Policies

- Recording and Copyright: Unauthorized recording or distribution of materials is prohibited.
- Participation Conduct: We encourage respectful, professional engagement during sessions.
