

Holiday Movie Transportation Game

Take 1 sip or bite every time:

- A sleigh, train, plane, or car is shown.
- Someone runs to catch transportation.
- A taxi, bus, or subway makes an appearance.
- Santa's sleigh malfunctions.
- Someone shouts at traffic or misses a ride.

Take 2 sips or bites if:

- A transportation disaster changes the plot (e.g., missed flight in *Home Alone*, canceled vacation in *Four Christmases*).
- Someone is stranded (airport snowstorm, broken-down car, sleigh crash).
- The vehicle is decorated for Christmas.

Finish your drink or cookie if:

- A character takes a completely new form of transport mid-movie (train → sleigh → plane).
- Santa gets a modern upgrade (jet sleigh, snowmobile, etc.).
- The entire ending hinges on a vehicle arriving just in time (*Polar Express*, *Elf*, *Love Actually*).

Holiday Movie Transportation Game

Bonus Challenge: Spot the Modes!

Instead of just sipping or snacking, keep a tally of every unique mode of transportation you spot in each movie. Whoever finds the most wins—and the loser refills everyone's drinks or snacks.

Example:

- *Elf*: Walking, subway, taxi, sleigh → 4 modes!
- *Home Alone 2*: Plane, limo, taxi, subway → 4 modes!
- *The Polar Express*: Train (and technically a rollercoaster track inside the North Pole) → 2+ modes!
