Alfred (Alf) A. Guebert, P.Eng, PTOE (H)

has been an active and sustaining member of ITE since joining in 1984, and his contributions to traffic engineering, planning, and intelligent transportation systems (ITS) have been instrumental to the advancement of the industry. Alf is the President of AAGuebert & Associates Consulting Inc., in Calgary, Alberta, Canada. With more than four decades of experience, he has provided planning and design services to both public and private sector clients throughout Western Canada. He has achieved a reputation for managing projects in a collaborative way that allows the project team to find innovative, multimodal solutions to help build better communities. Alf's experience includes both public sector and private sector work, with expertise in traffic analysis; traffic signal design; traffic signal timing; functional planning of multimodal corridors and networks; ITS; and road safety.

Alf's leadership has been fundamental to the growth of ITE, serving on a wide range of ITE Technical Councils and Committees, Board Committees, and in leadership positions at the Section, District, and International levels. He served as Section President and Founder of the Saskatchewan Section from 1990-1994, going on to become President of the Canadian District of ITE (ITE Canada) from 1997-1998, and District Director on the ITE International Board of Direction from 2001-2003. His leadership with ITE culminated in 2008 during his time as International President. Since 2015, he has served on the Executive Committee of the ITE Consultants Council. He received the H. Robert Burton Distinguished Service Award in 2012, ITE Canada's highest honor recognizing service to the transportation profession in Canada.

As an active contributor to the advancement of transportation certification, Alf is a member of the Transportation Professional Certification Board (TPCB) and served as Organizational Director for Canada. Alf also has a long history as a member of the Transportation Association of Canada (TAC), where he was the project lead for national guidelines, including a rewrite of the traffic signal chapter of the *Manual on Uniform Traffic Control Devices* for Canada, pedestrian signal warrants, and reversible lane systems. Alf received the TAC Distinguished Service Award in 2020, the organization's highest honor that recognizes leaders who

have had a tangible and enduring impact on the association's progress toward its vision and mission, and thereby on Canada's transportation sector. He was also a recipient of the CW Gilcrest Medal from TAC in 2012 for Best Technical Paper at the TAC Annual Conference. In addition, Alf served on the board of Intelligent Transportation Systems (ITS) Canada.

ITE Honorary Membership

The highest recognition of notable and outstanding professional achievement ITE presents to an individual is election to ITE Honorary Membership. Since 1933 when the first Honorary Member was selected, only 91 individuals have been honored this way. Visit www.ite.org/about-ite/history/honorary-members to read about past recipients. Congratulations to these three individuals upon receiving ITE's highest honor!
