TECHNICAL SESSION SUPPORTERS
Greetings from ITE!

On behalf of the ITE International Board of Direction, welcome to the 2021 ITE Virtual Annual Meeting. We had hoped to have this meeting in-person; however, pandemic-related concerns did not abate soon enough to allow that to happen.

The rich technical program is designed to not only offer traditional transportation topics, but also the essential issues that address the challenges communities face as they recover from the pandemic, as well as the emerging opportunities in the areas of funding, technology, and practice.

We are also excited to have U.S. Secretary of Transportation Pete Buttigieg providing remarks during the Opening Plenary Session on Tuesday, July 20. His remarks come at an important juncture as the Infrastructure Bill remains a topic of discussion on Capitol Hill.

We invite you to explore the entire technical program. Given the virtual nature of this conference, you will have the opportunity to participate in sessions real-time and watch them at your convenience over the next three months. We look forward to “seeing you” at this year’s ITE Annual Meeting and in-person very soon.

Alyssa A. Rodriguez, P.E., PTOE (F)
International President

Jeffrey Paniati, P.E.(F)
Executive Director and CEO
Tackle complex urban design and complete streets projects

Sign Design, Planning and Markings
On-Demand Video-Based Road Safety

Navigating the ITE Annual Meeting
Two Ways to Get Where You Want to Go

This section provides information on how you can access the technical program (plenary and concurrent sessions, poster presentations, and workshops), Mountain and Western Districts' activities, and networking and social events. In addition, this Guidebook includes tips and hints for maximizing your online experience.

You can access sessions before, during, and after the ITE Annual Meeting in two ways:

1. Through the ITE Annual Meeting page on the ITE Learning Hub: (click here). If you are familiar with the ITE Learning Hub, use your login credentials to sign in. Otherwise, see the sign-in instructions below. If you do not remember your login credentials, please contact membership@ite.org. Do not create a new account.

2. Link directly to sessions through the Program Schedule in this Guidebook. All sessions will be hyperlinked.

How to Sign in to the ITE Learning Hub

• The sign in area is located on the top menu bar, on the right side of the page. Every registrant has a username and password.

 For ITE members, your username and password are the same as your www.ite.org and e-Community login information.

 If you do not know your sign-in information, contact membership@ite.org or follow the prompts on the sign-in page. Please do not create a new account.

 It is recommended that you try to login ahead of the start of the meeting to avoid any delays in accessing the program. The busiest time to contact ITE Membership Services will be 9:00—11:30 a.m. EDT on Tuesday, July 20. In order to avoid delays, please reach out to our membership team by close of business, Monday, July 19.

When you are on the ITE Annual Meeting page in the Learning Hub, the top of your page will look like this.

• The Sign In is located on the top menu bar, to the right of the page.
When you are on the ITE Annual Meeting page in the Learning Hub, the top of your page will look like this.

• Once you are signed in, your name will appear.

Joining a Session or Adding a Session to Your Calendar

• Click on each day to view the programming available that day, including all the technical sessions and social programs.
Joining a Session or Adding a Session to Your Calendar

- Click on any of the sessions you want to find out more about them. You can read the learning objectives and speaker information. If you want to either join that session live or add that session to your calendar, click Register.

- If it’s before the meeting, you can then add the item to your calendar.
Accessing the Poster Presentation Discussions

Poster presentations are being uploaded to the Annual Meeting site in advance of the meeting. You should browse and review poster presentations of interest to them in advance, then plan to discuss the poster presentation and ask any questions you may have during the scheduled discussion period for each poster.

Workshops

Each workshop has differing space limitations. Please click on each workshop to determine the limit. We strongly encourage individuals to register for workshops as soon as possible. Please only register for one workshop in each time period and for workshops you know you will attend.

Serving the Transportation Needs of Our Communities

Find Open Positions at kimley-horn.com
Tips and Hints to Maximize Your Experience

• Put the dates and times of the sessions you want to attend on your calendar so that you don’t miss any of your sessions. The program times are EDT.
• Take advantage of the opportunity to interact with the presenters and others. This year, ITE is using a software program called Wonder (click here for more information) that allows you to ask follow-up questions immediately following a session, and/or spend some time catching up with or discussing topics with fellow attendees. The Wonder room will be open during the entire event and is divided into three general areas: Tech Session Talk, Meet Up Area, and ITE Membership. You will have the flexibility to move from discussion to discussion as you wish. This will be the opportunity to meet others working in the same space, to share your experiences, and to ask questions. Come for as long as you can, leave when you need.
• Come back for more! The technical program will be available on-demand through October 31. You will be able to listen to the sessions you missed or would like to listen to again.

Virtual Meeting Etiquette
ITE is committed to providing a safe, productive, and welcoming environment for all meeting participants and ITE staff. All participants, including, but not limited to, attendees, speakers, volunteers, sponsors, ITE staff members, and all others are expected to abide by the Virtual Programs Code of Conduct.

Check Your Tech!
• Make sure you have a strong internet connection, a good headset or earphones, and the ability to download documents.
• It is recommended that attendees use a laptop for the best experience.
• Follow instructions for conducting a sound-check when you login to the session.
• Mute yourself when you are not speaking or participating in an activity like typing on your keyboard to minimize and limit disruptions.
• Try to sign-on to your session a few minutes early.
• Click on this link to check your connection.

Earning PDHs (Professional Development Hours) and CMs (Certification Maintenance) Credits
To successfully earn Professional Development Hours (PDH) and Certification Maintenance (CM) credits, you must first view the entire technical session (live or recorded), and then complete the associated evaluation. The evaluation link is provided at the end of each session and under the session live event link. Once the evaluation is complete, your credit certificate will be unlocked and under the Certificates tab in your ITE Learning Hub account. You can locate your ITE Learning Hub by selecting your name located in the upper right-hand corner of the website. Sign in is required.
Please note – not all events grant credit hours. If the session you attended grants PDH/CM credit, the number of credits will be listed on the live event page under the session description.
The technical content of this meeting meets most state and provincial registration board requirements for P.E./P.Eng. Licensure, Professional Traffic Operation Engineers® (PTOE), Professional Transportation Planners® (PTP), Road Safety Professional Level 1® (RSP1), Road Safety Professional Level 2® (RSP2), Traffic Signal Operations Specialists® (TSOS), and Florida Board of Professional Engineers (EXP0003871). Sessions that are eligible for PDH/CM credit toward PTOE, PTP, RSP1, RSP2, and/or AICP certification renewal have been identified in this program.
Special Editions of ITE Spotlite

Special issues of ITE Spotlite will be published during the three weeks of the conference and will include meeting highlights, special announcements, and any updates to the schedule. Make sure to peruse your issue when it arrives in your inbox!

Videotaping and Audio Recording

Videotaping or audio recording of sessions, as well as the unauthorized use of ITE-copyrighted material, is prohibited.

Consent to Use Photographic Images

By registering for this event, you agree that your image, video, and voice recording may be used at any time, without further notification, for printed materials, websites, social media, live streaming, webcasts, and other marketing and educational purposes.

Disclaimer

The following program includes individuals confirmed at the time of publication. Information is subject to change. The views and opinions expressed by meeting participants are those of the participants and do not reflect official ITE policy, unless so stated.

Statement of Inclusion and Equality

Individuals involved in developing, administering, and delivering learning events demonstrate high standards of professional conduct and do not discriminate against learners based on gender, age, socioeconomic or ethnic background, religion, sexual orientation, or disability.

Plenary Sessions Speakers

Opening Plenary
Sponsored by Gannett Fleming
Tuesday, July 20, 11:00 a.m.-12:30 p.m.

The Opening Plenary will feature welcoming remarks from ITE International President Alyssa Rodriguez as well as recognition of the Theodore M. Matson and Burton W. Marsh Award Recipients. ITE CEO and Executive Director Jeff Paniati will provide an update on the State of ITE.

Our keynote speaker is U.S. Secretary of Transportation Pete Buttigieg.

Power Plenary

Thursday, July 22, 1:30-3:00 p.m.

Moderated by ITE International Vice President Beverly Kuhn, this panel will provide perspectives on Navigating a New Future in Transportation. Dialogue with the audience using Slido (directions to be provided).

Steven E. Polzin, Transportation Consultant
Freddie Fuller, Vice President, Jacobs

Jeff Michael, Distinguished Scholar, Johns Hopkins Bloomberg School of Public Health
Noreen McDonald, Department Chair, City and Regional Planning, University of North Carolina

Closing Plenary
Sponsored by the ITE Consultants Council
Thursday, July 29, 4:00-5:30 p.m.

The closing plenary will be moderated by ITE International President Alyssa Rodriguez.

Toks Omishakin, Director of the California Department of Transportation, will share his thoughts on a number of timely and relevant topics, followed by a dialogue with the audience using Slido (directions will be provided).
