

Public Agency Council

The ITE Public Agency Council serves as the voice of the public sector within ITE.

ITE has created three employer-based councils - Consultants Council, Industry Council, and Public Agency Council, to provide value to organizations where ITE members work and to bring together leaders in the public and private sector. These three councils work both jointly and independently to shape the future direction of ITE and influence the future of the transportation industry.

The ITE Public Agency Council will serve as a sounding board for the ITE Board of Direction on the strategic direction of ITE, provide a forum for collaboration among members from the public sector, and, working with ITE staff, identify and develop products and services of benefit to public agency members. ITE looks to the Public Agency Council regularly to spearhead dialogue on emerging trends and key issues.

Dues: Membership in the Public Agency Council is included with the Public Agency Organizational Membership.

A Community of Transportation Professionals

For more information, please contact Colleen Agan, cagan@ite.org or 202-464-6227 or visit www.ite.org/PublicAgencyCouncil.

All public agency members are encouraged to participate in the Public Agency Council and will benefit through:

- Member-only networking opportunities through ITE's e-community,
- Discounted or free educational opportunities on new industry products and services,
- Influence over new products specific to public sector agency needs,

Organizations with a Public Agency Organizational Membership receive additional benefits, including:

- Recognition as a public sector leader through all ITE Communication channels at and the ITE Annual Meeting,
- Opportunity to serve with peer leaders on the Public Agency Executive Committee,
- Access to ITE Board Members and input on new ITE programs, products and services,
- Free access to ITE on-demand professional development webinars,
- Discounts on access to ITE services, such as job postings through the ITE Career Center,
