For Release March 5, 2025

Gordon Meth Elected as 2026 ITE International President and Neelam Dorman Elected International Vice President

WASHINGTON, DC – ITE—A Community of Transportation Professionals is pleased to announce that **Gordon Meth, P.E., PTOE, PTP, RSP2I (F)**, has been elected as ITE International President, and **Neelam Dorman, P.E., T.E. (F)**, has been elected as ITE International Vice President. Both will assume their leadership roles in January 2026.

Gordon Meth serves as the Transportation Engineering Expert Witness at Robson Forensics in Cedar Knolls, NJ. With 35 years of experience spanning Canada and the United States, he has been an active ITE member since 1990, holding leadership roles at the Section, District, and International levels. Meth's deep commitment to advancing transportation safety, his tenure on the International Board of Direction, and his leadership within ITE's technical councils have made him an integral part of the organization's success.

Neelam Dorman is the Region 1 Planning Manager at the Oregon Department of Transportation (ODOT) and has been a champion for volunteer engagement, integrated planning, and STEM education within ITE. She has played a pivotal role in initiatives such as ITE's Safety Roadmap Action Plan, the Branding Initiative, and the Traffic Bowl Update. Throughout her career, she has actively worked to elevate transportation planning within ITE and create pathways for young professionals and underrepresented groups in the industry.

"Gordon and Neelam both exemplify the leadership, dedication, and forward-thinking vision that define ITE," said Steve Kuciemba, ITE Executive Director and CEO. "Gordon's extensive contributions to transportation engineering and ITE leadership have positioned him as a respected voice in our industry. Neelam's passion for volunteer engagement and strategic planning will ensure that ITE continues to evolve and serve its members. I look forward to working alongside them to drive our profession forward."

ITE extends its gratitude to **Hardik Shah, P.E., PTOE, MSCE (F)**, for running a positive and professional campaign and looks forward to his continued contributions to our organization.

About ITE — Founded in 1930, ITE is an international membership association of transportation professionals who work to improve safety and mobility for all transportation system users and help build smart and livable communities. Through its products and services,

ITE promotes professional development and career advancement for its members, supports and encourages education, identifies necessary research, develops technical resources including standards and recommended practices, develops public awareness programs, and serves as a conduit for the exchange of professional information. Through meetings, seminars, publications, and a network of more than 18,000 members working in 78 countries, ITE connects members to a world of ideas, people, and resources.
