

WEBINAR INVITATION

Intelligent Transportation Systems (ITS) Professional Capacity Building Program Year 5

On behalf of the Institute of Transportation Engineers and the U.S. Department of Transportation, Office of the Assistant Secretary for Research and Technology, we would like to invite you to attend the ITS standards training web pilots for the ITS Professional Capacity Building Program.

The FREE web pilots are part of testing the module's development, and are meant to capture your input to improve the product before finalization.

Register for any or all of the following modules by clicking on the course title, and take part in shaping our ITS Standards training modules by providing your feedback and earning professional development hours!

Contact Nicola Tavares at NTavares@ite.org if you have questions about the program
