

April 24, 2019

The ONE ITE Sub Task Force has submitted its Transition Plan to the ITE Board of Direction for its consideration. This plan, along with the companion Transition Plan approved by the Western District Board at its January 2019 mid-year meeting, will form the basis for board action at the May meeting in New Haven, CT, USA. The draft transition plan recommends the board take action to advance the formation of the Mountain District by accepting its report and considering governance and leadership recommendations made by the Sub Task Force. These recommendations emerged from the Sub Task Force's work session in February and subsequent discussion including considering comments on the plan from membership over the past month. The Sub Task Force has developed action plans associated with governance, finance, leadership, communication, member experience, student/young member engagement, and annual meetings. Based upon the ITE Board's consideration in May, the Sub Task Force will evolve into a transition team and begin working with chapters and sections to further its development of a new Mountain District. This will include a presentation at the Intermountain Section meeting later in May. Please feel free to share ideas, thoughts, and comments with the Sub Task Force Chair, Randy McCourt at [rsm@dksassociates.com](mailto:rsm@dksassociates.com).

In addition, the Florida Puerto Rico District is holding a Transition Team meeting this Friday, April 26. This meeting will identify issues and assign task leads for generating solutions.
