The Mountain District transition team continues to work on laying the foundations for the success of the first new ITE District created in more than 30 years. Recent efforts include work on establishing bylaws and creating a website for the new district.

Members of the existing Western district will meet June 23–26 in Monterey, CA, USA at the Western District Annual Meeting. One aspect of the yearly program is a Tuesday morning breakfast meeting that is held with the Western District Section leaders. This year the meeting will be expanded to have the Western District meet with their current sections under the new organization and the Mountain District will meet with their applicable Sections.

For more information on the overall meeting, visit <https://www.westernite.org/annualmeeting>.
