

Complete Streets Council Best Project Award

The ITE Complete Streets Council Best Project Award is bestowed on a project that applies innovative design solutions or study techniques related to complete streets. Projects that best benefit the profession and the public are encouraged to be submitted for consideration.

Past Recipients

2016 Alabama Street Multimodal Safety Improvements, City of Bellingham Public Works Dept., Bellingham, WA

2017 Concord's Main Street, City of Concord, Concord, NH

2018 City of Vancouver's Complete Streets Framework
