SIDRA INTERSECTION 9

Powerful new features to help you design intersections and networks with ease

SI-9 is out now! This is a major new version of our micro-analytical traffic engineering software package. You can now easily configure and analyse complex networks of up to 50 Sites!

Visit our new website SIDRASOLUTIONS.COM
GREETINGS FROM ITE!

On behalf of the ITE Board of Directors, welcome to the ITE 2020 Virtual Annual Meeting and Exhibition. Only a few months ago, we were preparing to greet you in New Orleans, LA USA and then everything changed. ITE staff and volunteers worked diligently to transition in-person plans to virtual ones. The now-virtual #ITE2020 is prepared to navigate you through the changes taking place in the transportation industry, including the implications from the COVID-19 global pandemic.

We invite you to explore the entire technical program with an eye to learning about the emerging technologies that will affect your ability to serve your community. Given the virtual nature of this conference, you will have the opportunity to both participate in sessions in real-time and listen to them at your convenience, offering you a chance to augment your professional development.

Our Exhibitor Showcase is also available to you at your convenience and we encourage you to take the time to learn more about the business solutions that can help you do your job more effectively.

Again, welcome to #ITE2020!

Randy McCourt, P.E., PTOE (F)
ITE International President

Jeff Paniati, P.E.
ITE Executive Director and CEO
NAVIGATING #ITE2020: TWO WAYS TO GET WHERE YOU WANT TO GO

We realize that this is the first time that many of you will be attending a virtual event of this size and may not exactly know what to expect or are uncertain how to participate. This section provides information on how you can access the technical program and the Exhibitor Showcase as well as provide tips and hints for maximizing your experience.

You can access sessions before, during, and after the ITE 2020 Annual Meeting two ways:

1. Through the Annual Meeting page on the ITE Learning Hub: https://www.pathlms.com/ite/courses/20194. If you are familiar with the ITE Learning Hub, use your login credentials to sign in. Otherwise, see the sign instructions below.

2. Linking directly to sessions through the Program Schedule in this guide.

How to Sign In (especially for those new to the ITE Learning Hub)

- The sign in area is located on the top menu bar, on the right side of the page. Every registrant has a user name and password
- For ITE members, your user name and password are the same as your www.ite.org and e-Community login information.
- If you don’t know your Sign In information, contact membership@ite.org or follow the prompts on the Sign In page.

When you are on the ITE Annual Meeting page in the Learning Hub, the top of your page will look like this.
- The Sign In is located on the top menu bar, to the right of the page.
You have access to everything with a green dollar sign on it. That means you’ve paid and registered for that content. If you see red dollar signs, you’ll need to purchase to get access.

Joining a Session or Adding a Session to your Calendar

- Click on each day to view the programming available that day, including all the technical sessions, social events, exhibit hall, and poster sessions.

- Click on any of the sessions you want to find out more about. You can read the learning objectives and speaker information. If you want to either join that session live or add that session to your calendar, click Register.
If it’s before the meeting, you can then add the item to your calendar.

The calendar link will bring you back to this page, on the day of the program and you will click the link to join the live program.

If the session is getting ready to begin or already underway after you click the register button, you’ll clearly see a button to join the live session.

Accessing the Exhibitor Showcase

As part of the ITE 2020 Virtual Annual Meeting and Exhibition, a robust list of exhibitors have created a virtual presence, offering business solutions. You can visit their virtual booth to learn more about the products and services that can help you do your job more productively and help you serve your community more effectively.

The #ITE2020 Exhibitor Showcase can be accessed through the link to the technical program as well as through this URL: https://www.pathlms.com/ite/courses/18309.

The Exhibitor Showcase is available August 4-20 24/7 (you can access it your convenience). Exhibitors may post specific hours of availability in their virtual booth. There will also be a schedule of live presentations and virtual drop-in sessions hosted by exhibitors on the above URL.

Accessing Poster Presentation Discussions

Poster presentations are being placed on the Annual Meeting site in advance of the meeting. Meeting attendees should browse and review poster presentations of interest to them in advance, then plan to discuss the poster presentation and ask any questions they may have during the scheduled discussion period for each poster.
**Workshops**

Wednesday, August 12th is Workshop Day. All of our workshops will take place on that one day. Your registration fee includes access to the workshops but **you need to register because attendance is limited to 100 people per workshop to allow for maximum interactivity.** Please limit your attendance to one workshop per timeslot.

To register for ITE Workshops go here: [https://www.pathlms.com/ite/courses/20194/sections/22011](https://www.pathlms.com/ite/courses/20194/sections/22011)

Click on any of the Workshops to find out more about them and follow the directions in the red box at the top of the page to register and add it to your calendar.

**Click Register at the right then Sign up via the Resources tab above. Limited to 100 participants.**

If the workshop has already begun and there is room to attend, you can join the day of, after clicking register and going to the Resources tab. We highly recommend you register to guarantee your spot.
Accessing the Social Events

Even though we will not see you in person, the Annual Meeting will offer various social events over the two weeks. All social events will be made available with your registration, although you must sign up for the District events.

Mindful Meditation/Chair Yoga, August 4 and 11, 10:00 – 11:00am

ITE Trivia Competition, August 4, 5:30–6:30pm
Join ITE and the Traffic Bowl Committee for an hour of trivia. Topics will cover a variety of topics, including transportation and history. The competition will consist of ten randomly assigned teams and be limited to 300 participants. The number of spectators is unlimited. Each team will be playing for a pre-selected charity in New Orleans. Come have fun and do some good!

If you want to play, click on https://www.pathlms.com/ite/courses/20194/sections/22006/webinars/11859.

District Events

Southern District, August 5, 5:30–6:30pm
Mid-Colonial District, August 6, 5:30–6:30pm
Midwestern District, August 6, 5:30–6:30pm
TexITE District, August 6, 5:30–6:30pm
Northeastern District, August 12, 5:30–6:30pm
Mountain District, August 12, 5:30–6:30pm
Florida/Puerto Rico District, August 12, 5:30–6:30pm

Cooking with Chef “Cacciatore” Mike Salatti, August 6, 12:30–1:30pm
Join past international directors Chef “Cacciatore” Mike Salatti and Commentator “Luigi” Dan Beaty for a fun filled lunch time hour as our Chef prepares a complete meal of his favorites including how to make a special homemade pesto. With the “Salatti brothers” it will be like Click and Clack (NPR Radio show about cars for you younger folks). It’s live and interactive - so anything can happen!

LeadershipITE Virtual Drop-In, August 13 at 3:00 – 4:00pm
Do you have questions about the LeadershipITE program? Drop in to learn more and ask questions.
TIPS AND HINTS TO MAXIMIZE YOUR EXPERIENCE

• Put the dates and times of sessions you want to attend on your calendar so that you don’t miss any of your sessions.
• Take advantage of the opportunity to interact with the presenters and others.
• Come back for more! The technical program will be available on-demand through the end of October. You will be able to listen to the sessions you missed or would like to listen to again.

VIRTUAL MEETING ETIQUETTE

• Check your tech! Make sure you have a strong Internet connection, a good headset or earphones, and the ability to download documents.
• Mute yourself when you are not speaking or participating in an activity like typing on your keyboard to minimize disruptions.
• Try to sign on a few minutes early.

EARNING PDHS (PROFESSIONAL DEVELOPMENT HOURS) AND CMS (CERTIFICATION MAINTENANCE) CREDITS

To successfully earn Professional Development Hours (PDH)/Certification Maintenance (CM) credits you must first view the entire technical session (live or recorded), complete the evaluation associated. The evaluation link will be provided at the end of each session and under the session live event link. Once the evaluation is completed, then your credit certificate will be unlocked and under the Certificates tab in your ITE Learning Hub account. You can locate your ITE Learning Hub account by selecting your name located in the upper right hand corner of the website. Sign In is required.

Please note -- not all live events grant credit hours. If the session you attended grants PDH/AICP credit, the number of credits will be listed on the live event page under the session description.

Workshops: To successfully earn Professional Development Hours (PDH)/Certification Maintenance (CM) credits you must participate in the full workshop session and complete the evaluation associated. An email will be sent to workshop participants with a link to complete an evaluation that will then provide their PDH credit certificate. This email will be sent after the full ITE Annual Meeting has concluded.

The technical content of this meeting meets most state and provincial registration board requirements for P.E./P.Eng. Licensure, Professional Traffic Operation Engineers® (PTOE), Professional Transportation Planners® (PTP), Road Safety Professional Level 1® (RSP1), American Institute of Certified Planners (AICP), Traffic Signal Operation Specialists® (TSOS), and Florida Board of Professional Engineers (EXP0003871).
SPECIAL EDITIONS OF *ITE SPOTLITE*

Special issues of *ITE Spotlite* will be published during the three weeks of the conference that include re-caps of sessions, highlights, special announcements, and any updates to the schedule. Make sure to peruse your issue when it arrives in your inbox!

**VIDEOTAPING AND AUDIO RECORDING**

Videotaping or audio recording of sessions or technical exhibits as well as the unauthorized use of ITE-copyrighted material is prohibited.

**CONSENT TO USE PHOTOGRAPHIC IMAGES**

Registration and attendance at, or participation in, ITE meetings or other activities constitutes agreements by the registrants to ITE’s use and distribution of the registrant or attendee’s image or voice in photographs, videotapes, electronic reproduction, and audiotapes of such events and activities.

**DISCLAIMER**

The following program includes individuals confirmed at the time of publication. Information is subject to change. The views and opinions expressed by meeting participants are those of the participants and do not reflect official ITE Policy, unless so stated.

**STATEMENT OF INCLUSION AND EQUALITY**

Individuals involved in developing, administering, and delivering learning events demonstrate high standards of professional conduct and do not discriminate against learners on the basis of gender, age, socioeconomic, or ethnic background, religion, sexual orientation, or disability.

**NEED HELP?**

If you encounter difficulties during the meeting, use the contact information below for assistance

- Technological troubleshooting: Zach Pleasant, zpleasant@ite.org
- Registration questions: membership@ite.org
- Signing in to the ITE Annual Meeting on the ITE Learning Hub: membership@ite.org
- Participating in a session: membership@ite.org
- Exhibitor or Sponsor Questions: Pam Goodell, pgoodell@ite.org
- Getting PDH credits: Kellyanne Broom, kbroom@ite.org

PROGRAM SCHEDULE
with hyperlinks to sessions (all times are Eastern Time)

Wednesday, August 5

1:30–3:00 p.m.
Technical Sessions
- Alternative Intersection Treatments Sponsored by ARCADIS
- Complete Streets: How to Allocate Right-of-Way Space Based on Modal Prioritization in the Real World Sponsored by MTJ
- Enhancing Safety of First Responders Through Technology NRITS

3:00–4:00 p.m.
Poster Presentation Discussions

4:00–5:30 p.m.
Technical Sessions
- Expanding Vision Zero to Small and Medium-Sized Communities
- Increasing the Use of Multimodal Performance Measures in Decision-Making Sponsored by PTV GROUP
- Innovative Concepts for Managing Trips in Rural and Small Communities NRITS

5:30–6:30 p.m.
Southern District Social Event

Thursday, August 6

11:00 a.m.–12:30 p.m.
Technical Sessions
- Speed Management Action Plans
- Emerging Approaches to Pedestrian Safety: An Interdisciplinary Effort to Achieve Zero Fatalities
- Creative Management of Work Zones NRITS

12:30–1:30 p.m.
Cooking with Chef “Cacciatore” Mike Salatti

1:30–3:00 p.m.
Transportation and Equity Plenary Sponsored by

During plenary sessions, we will be using Slido to allow attendees to pose questions and upvote questions posed by other attendees. Questions may be posed anonymously if desired. To participate visit Slido.com during the plenary session and enter the appropriate meeting code. The code for the Equity in Transportation plenary session is 58115.

Innovative Solutions for Transportation Professionals

Learn more at transoftsolutions.com/ITE-20

Innovative and productivity-enhancing software for engineers, architects, and drafters for their civil and infrastructure design and planning needs.
For over 20 years, RailPros has been assisting clients in delivering projects with a variety of traffic-related rail components. Our expertise includes grade crossing safety enhancements, interconnected traffic signals, quiet zones, station designs, railroad flagging, rail corridor studies, railroad coordination, and grade separations.

Rail isn’t a part of our business, it IS our business.
Neel-Schaffer provides a wide variety of traffic/transportation engineering and planning services through 36 offices across nine states. Our engineers understand what drives the many communities we serve.

Listed 230th among the Top 500 Design Firms. – Engineering News-Record, 2020
